Quick Tip: 120 Degrees

Lowering the temperature of your hot water heater to 120 degrees Fahrenheit is an easy way to save energy and money.

Be aware of scams

If someone calls threatening to turn off your power due to an unpaid balance and asks you to pay with a prepaid or reloadable card, hang up the phone immediately. You may also be approached by people claiming to be with Xcel Energy and needing to do work in your home. Ask for Xcel Energy identification, and please, check with us if you're still not sure. Call us anytime at **800.895.4999**. Don't let imposters steal your money.

BILL PAYMENT: It is important that you check the name on the front of the bill. If the name is not that of the person or business responsible for payment, contact our Customer Contact Center at 1-800-895-4999. You may mail your payment to us in the return envelope provided, pay at any of our authorized pay stations or sign up for our Auto Pay Plan. Please call our Customer Contact Center for details.

CONSERVATION EFFORT: Energy conservation information and assistance is available for evaluating energy consumption. Your usage and Degree Day information for the previous 12 months are available upon request. Company representatives are also available to help answer your questions about home energy use. Please call our Customer Contact Center at 1-800-895-4999 for assistance.

ELECTRONIC CHECK CONVERSION: When you pay your bill by check, you authorize Xcel Energy to make a one-time electronic debit from your checking account for the amount of your check on the day we receive your check. Your paper check will be destroyed. There are no fees attached to this electronic processing. If you have questions or would prefer not to participate in the electronic debit process, please call 1-800-895-4999.

ESTIMATED BILLS: Bad weather, lack of access to meters, emergencies or other unusual circumstances, sometimes prevent us from obtaining an actual reading. In these cases, your usage is estimated based on your previous usage, weather data and the length of the billing period. Whenever this happens, that bill is marked "Estimate." The next actual reading will adjust for any high or low estimated billings. Once we read your meter, you pay only for the actual energy used.

GOVERNING REGULATORY AGENCIES: As a public utility, our rates and rules under which we operate are regulated by the Public Service Commissions of Wisconsin and Michigan and are available for mediation. You may contact them at:

PSCW
610 N. Whitney Way
P. O. Box 7854
Madison, WI 53707-7854
1-800-225-7729

MPSC
6545 Mercantile Way
P. O. Box 30221
Lansing, MI 48909
In state: 1-800-292-9555
Outside Michigan: 1-517-241-6180

IMPORTANT CUSTOMER INFORMATION: The lower portion of this bill contains the itemization of your billing. If you have a question or complaint about this bill, please call our Customer Contact Center at 1-800-895-4999 prior to the due date shown on your bill. Rate schedules, explanation of rate schedules, an explanation of how to calculate the accuracy of the bill, and an explanation of the fuel cost adjustment (if any) are available and will be mailed upon request.

EXPLANATION OF TERMS AND ABBREVIATIONS ON YOUR BILL

Adjustment for Heat Content: The adjustment used to convert the measured quantity of natural gas (Ccfs) to the heat value of the gas (therms).

Ccf: 100 cubic feet – a volume measurement of natural gas use.

Customer Charge: A monthly charge for costs we incur which do not change with the amount of energy you use or the amount of demand you impose on the system. Included are costs such as metering, billing, and costs associated with connecting to the electric or gas distribution system.

Distribution Charge: The amount of gas used as measured in therms multiplied by the current rate.

Energy Charge: The amount of electricity used as measured in kilowatt-hours (kWh) multiplied by the current rate.

Fuel Cost (Credit/Charge): An adjustment to your bill based on the fluctuating cost of fuel for electrical power generation. We make no profit on these adjustments. (For Michigan customers this charge is identified as power supply cost recovery factor.)

Gas Supply Charge: This charge covers the cost of gas commodity, as well as the costs Xcel Energy pays to the interstate pipelines to deliver the gas to its system. The gas supply charge is billed on a per therm rate and the total charge varies with usage. Xcel Energy does not make any money on gas supply charges. (For Michigan customers this charge is identified as gas cost charge.)

Pressure Correction Adjustment: Adjusts for variances in the amount of natural gas measured by different types of meters due to pressure differences in the natural gas delivered to a service.

kVarh: This means kilovar hour. A kilovar hour is a measure of the lagging reactive load used for calculating the power factor of some large industrial customers.

kW: This means kilowatt. A kilowatt is a measure of electrical demand equal to 1,000 watts.

kWh: This means kilowatt-hour. It is a method to measure the amount of electricity you use. One kw equals 1,000 watts of electricity you use. One kWh equals 1,000 watts of electricity used for one hour. One kWh would light a 100 watt light bulb for 10 hours.

Therm: A measure of the heat content of natural gas equal to 100,000 British Thermal Units (Btus).

WI Low-Income Assistance Fee: A monthly charge required by the State of Wisconsin to fund public benefit programs including energy conservation, weatherization and low-income energy assistance programs. This charge is not an Xcel Energy charge.

MI Low-Income Surcharge: A monthly surcharge required by the State of Michigan to fund a heating assistance program for low income Michigan residents. This charge is not an Xcel Energy charge.

MI Energy Optimization Surcharge: A monthly surcharge required by the State of Michigan to fund the costs of offering energy efficiency programs which reduce the future costs of providing gas and electric programs to customers. This charge is not an Xcel Energy charge.

Customers save money and energy with Focus on Energy

Focus on Energy is Wisconsin utilities' statewide energy efficiency and renewable resource program funded by the state's investor-owned energy utilities and participating municipal and electric cooperative utilities. In 2015, Focus on Energy offered financial incentives and technical assistance to help eligible Wisconsin residents and businesses save energy. According to an independent evaluation of 2015 programs, Focus on Energy delivered \$3.51 in benefits to Wisconsin residents and businesses for every \$1 dollar spent, by reducing customers' energy bills, utilities' operating costs, and the emission of environmental pollutants.

For more information on how **Focus on Energy** can help you save energy, go to www.focusonenergy.com.

INFORMATION ABOUT YOUR BILL

The Public Service Commission of Wisconsin has approved a 3.2 percent overall increase in Xcel Energy retail electric rates and a 3.9 percent overall increase in natural gas rates, effective Jan. 1, 2017. Individual customer bill increases may vary depending on service schedule and usage characteristics. For detailed rate information, visit www.xcelenergy.com or call 1-800-895-4999.

Thank you for your payment.

What if there was a switch that could earn you an easy bill credit every year?

There is—it's Saver's Switch, a little box installed beside your central AC. It'll cycle your AC off and on, to help us manage the demand for energy on the hottest summer days. It's free and you'll get a nice little credit on your electric bill every year it's operational.

Sign up and we'll do the rest.
Call 895.4999 or visit
XcelEnergy.com/SaversSwitch
to get started.

Start saving money and energy today!

Xcel Energy, in partnership with Focus on Energy, wants to help you use energy smarter.

Focus on Energy is offering a FREE pack of energy saving products for your home. Please visit our website to select your FREE pack*

To order your energy savings pack please visit:
focusonenergy.com/simple. Please have your electric and gas utility account number available.

*One pack per household

Be aware of scams

If someone calls threatening to turn off your power due to an unpaid balance and asks you to pay with a prepaid or reloadable card, hang up the phone immediately. You may also be approached by people claiming to be with Xcel Energy and needing to do work in your home. Ask for Xcel Energy identification, and please, check with us if you're still not sure. Call us anytime at **800.895.4999**. Don't let imposters steal your money.

"Fortune favors the bold"

You're making a bold commitment to make a difference when you sign up for Saver's Switch. That's because Saver's Switch helps us manage electricity use on the hottest summer days. And it's helped reduce the need to build multiple power plants over the years.

What's more, Saver's Switch pays you a credit on your electric bill each year you participate.

Enroll and learn more at xcelenergy.com/SaversSwitch or call us at 800.895.4999.

Get \$35 for your old fridge or freezer

1. Schedule your free fridge pickup by visiting focusonenergy.com/fridge or call 800.354.1898.
2. If your unit qualifies, we'll collect it from your home free of charge and properly recycle it.
3. Receive a \$35 incentive.

Focus on Energy, Wisconsin utilities' statewide program for energy efficiency and renewable energy, helps eligible residents and businesses save energy and money while protecting the environment. Focus on Energy information, resources and financial incentives help to implement energy efficiency and renewable energy projects that otherwise would not be completed. ©2017 Wisconsin Focus on Energy

Customers Save Money and Energy with Focus on Energy

Focus on Energy is Wisconsin utilities' statewide energy efficiency and renewable resource program funded by the state's investor-owned energy utilities and participating municipal and electric cooperative utilities. In 2016, Focus on Energy offered financial incentives and technical assistance to help eligible Wisconsin residents and businesses save energy. According to an independent evaluation of 2016 programs, Focus on Energy delivered \$3 in benefits to Wisconsin residents and businesses for every \$1 spent, by reducing customers' energy bills, utilities' operating costs—and the emission of environmental pollutants.

For more information on how **Focus on Energy** can help you save energy, go to www.focusonenergy.com.

Have a question?

Use Facebook and Twitter to let us know 24/7.

Get your home ready for Old Man Winter, and get cash back.

Now's the time to schedule a Home Energy Assessment through Focus on Energy's Home Performance with ENERGY STAR® program. Energy experts will help you identify the energy efficiency improvements that can help you reduce your energy use by up to 20%.

- Replace your inefficient furnace or entire heating and air conditioning system.
- Seal up your drafts around windows, doors, fixtures and outlets.
- Add insulation to your attic and walls.

Earn valuable incentives from Focus on Energy and Xcel Energy.

Visit focusonenergy.com/myhome or call 800.762.7077.

INFORMATION ABOUT YOUR BILL

The electric portion of your bill includes a refund for lower than expected costs for fuel used to generate electricity. The refund was approved by the Public Service Commission of Wisconsin in its July 18, 2016, order in Docket No. 4220-UR-120.

Plug electronics into a power strip

Plugging electronics into a power strip provides an easy and convenient way to turn items on and off, helping you use energy only when you need it.

Source: energystar.gov

Be aware of scams

If someone calls threatening to turn off your power due to an unpaid balance and asks you to pay with a prepaid or reloadable card, hang up the phone immediately. You may also be approached by people claiming to be with Xcel Energy and needing to do work in your home. Ask for Xcel Energy identification, and please, check with us if you're still not sure. Call us anytime at **800.895.4999**. Don't let imposters steal your money.
