SFE Wader Try Ons

Planning to go to Treehaven? Included in your equipment pack is a pair of chest waders that you will receive upon your check-in at your assigned SFE session.

The size you indicate on your SFE application will be the size you receive. You will be **REQUIRED** to come to a time listed below to verify the size you indicated on your application is the size that correctly fits. We will have men’s sizes 6-14 as well as women’s sizes 6-7 for you to try on. If you need a smaller/larger size, we will do our best to accommodate you. More try on dates will be added, if you are unable to make one of the following times, please let Tim Sattler (715-346-4664; CNR.Stockroom@uwsp.edu) know. If you choose not to come, you will receive the waders indicated by your shoe size on your SFE application. The waders you try on might not be the exact make/model you receive.

When trying on the waders for SFE, please try them on as you would be putting them on to go into the water. Do not just try on the boots. Waders are not made size specific for individuals.

The following try on times will be held in

TNR Room 157

- **Friday December 8th 12-2 PM**
- **Wednesday February 7th 3-5 PM**
- **Thursday February 8th 10 AM - 12 PM**
- **Tuesday February 13th 9-11 AM**

Foundation Forestry Skills Assessment

Please accept the course invitation to the Fall 2023, Foundational Forestry Skills Assessment and start preparing for a Field Assessment.

All forestry students are required to complete the Foundational Forestry Skills Assessment to satisfy milestone requirements on their **degree progress report** and must achieve passing marks at each level of this assessment before graduating with any forestry degree from the College of Natural Resources at the University of Wisconsin-Stevens Point. This two-part assessment occurs at three levels and is based on the accrued knowledge, skills, and abilities presented in the core forestry courses. Cumulative Core Courses include NRES 250, FOR 232, FOR 322, and FOR 332.

Assessment Level	Approximate Academic Year	Core Courses Completed	Minimum Written Assessment Score	Field Assessment Score Minimum
Introductory	Sophomore	NRES 250 and FOR 232	70%	70%
Intermediate	Junior	NRES 250, FOR 232, 322, and 332	70%	75%

WRITTEN ASSESSMENT

NOVEMBER 27 – DECEMBER 15, 2023

DESCRIPTION: To pass the self-assessment written component, you must achieve at least a 70%, or greater, on the independent online assessment regardless of level. If you receive unsatisfactory marks in the evaluation, you may study to improve your skills and repeat as needed. This assessment of learning will be available on Canvas.

DATES: The written assessment will be open online from **November 27th through December 15th**. You may complete this online assessment at any point to work towards achieving the written portion at the respective milestone.

COURSE LEAD: Dr. Melinda Vokoun

FIELD ASSESSMENT

1 PM DECEMBER 1, 2023

DESCRIPTION: The field component emphasizes the identification of 61 common trees and shrubs in central Wisconsin. You will be asked to identify 20 woody plants by common name. To successfully meet the passing criteria for the field component of the milestone, you need at least 70% (Introductory Level) or 75% (Intermediate Level).

DATES: Only one field assessment opportunity will be available on **Friday, Dec. 1 at 1:00 pm** in person. If you have a conflict with this time, please contact the instructor for alternatives. The next general available time will be during spring semester.

To satisfy the milestone requirements, forestry students must achieve passing marks in **both** the written and field assessments within the same semester to move on to the next level. Please visit the Canvas site for more information.

"The field assessment time doesn't work for me": If you cannot attend the scheduled field assessment appointment time or have accommodation needs, please contact the instructor (mvokoun@uwsp.edu) to find a time for the field assessment. However, please provide appropriate justification before 5 pm CDT, Nov 30, 2023, for alternatives. Failure to do so will result in an incomplete milestone requirement, and you may reattempt the assessment the following semester.

All eligible participants can win one of three \$20 Amazon gift cards!

Volunteers NEEDED

Looking for young adults ages 18-25 to participate in a research study about hearing health and hearing conservation related to firearm usage. Even if you've never used firearms, you are encouraged to sign up!
