Multi-Day Trip Highlight

Greece

May 25-June 4, 2024

Register by Oct. 27, 2023

Get ready to say Opa!

Greece is known for its rich architectural history, but its wine, cheese, and olive oil are what dreams are made of! On this trip we will be visiting classic sites including the ancient ruins of the Acropolis and

Delphi. We will enjoy personal tours across many of the Cyclades islands including Naxos, Mykonos, and traveling coast to coast on the picturesque island of Santorini. Each island has its own landscape, breathtaking views, and food that will fill up your cameras and your stomach.

View the Itinerary

Did You Know?

- Known as one of the sunniest places in the world, Greece averages 300 sunny days a year!
- Greece's mountains make up 80% of its land mass.
- Greece has over 6,000 islands, yet only 227 of them are inhabited.

Travel Tips

Spring Break Will Be Busier Than Ever: Tips for the Travel Season

Spring break season is upon us.

For the first time since the start of the pandemic, 2023 is shaping up to be the first full year of “normal” travel. And with more Americans traveling, more flights to more destinations, and fewer travel restrictions, this spring break season is bound to be the busiest in years.

The Transportation Security Administration (TSA) estimates travel volumes during the 2023 spring break travel season (from around Feb. 17 through April 21) could exceed pre-pandemic levels. Whether you're staying close to home or taking an international trip this spring, that means you're likely to find busier airports, longer security lines, and fuller planes than you've seen traveling over the last few years.
