THE UWSP FACILITY SERVICES NEWSLETTER

FEBRUARY, 2015

Hot Off The Presses...

NEWS FLASH!

WEB-BASED TMA INSTALLATION UPDATE

Facility Services will be changing over to a new Web-based TMA software the week of February 16, 2015.

The new software will give us many more ways to document expenses in the various buildings, and help us better track when equipment is due to be replaced/repaired. This new software will allow us in the future to distribute our work orders to our staff electronically, thus eliminating all the paper we have now. It will also allow us to give our Customers up-to-the-minute updates on the status of their requests.

Film at 11:00.

In Honor of
Valentine's Day
Wear **RED** To Work
on Friday, February 13th!

TEAM MEMBERS:
RON ADAMSKI, CINDY BUTTKE,
KATY HORN, KEN KULICH,
BETH MANCL, BOB MEDO

JOIN US FOR THIS UPCOMING T.E.A.M. EVENT:

Saturday - February 7th, 2015

The Polar Plunge for Special Olympics at Anchor Bay Bar & Grill in Wisconsin Rapids. There is still time to sign up to be a jumper, or just come out to cheer on our brave jumpers! Don't feel like attending the event? Then you can still donate money for the cause at the M&M Building or Nelson Hall. Here is a schedule of events for the day...

- 10:00AM ● Check-in.
- 10:30AM ● Plunge Tailgate.
- 11:30AM ● Toss Your Boss.
- 12:00PM ● Plunging Begins.
- 12:00PM ● Live music provided by 'The Spicy Tie Band'.
- 1:30PM ● Our Facility Services Jumpers take the plunge!

Visit plungeWI.org for complete event information.

On behalf of Wisconsin Special Olympics, Thank You!

Pet Tales

This is **Vince**. His full name is 'Vincent Lombardi Kluck'. He lives with John (Custodial) & Laura Kluck. Vince was a shelter cat, adopted in 2007 from the Portage County Humane Society. Vince seems to think at times that he is a dog. Partially because one of the first things he was taught to do was to "fetch" a ball. When "Vinnie" sees his brush come out, he runs to a specific spot in the living room and waits to be brushed. Believe it or not, he also loves baths. He also likes to wait at the door for John when he returns home from work. He has several nicknames, including "Vinnie Two-Pockets", "Vinicio Del Gato", "Vinnie Boots" and "Cupcake". He is a big cat at 23 lbs., and yet loves to be held. Vince's least favorite thing in the world? The Cursed Vacuum Cleaner!

Other Noteworthy T.E.A.M. Sponsored Events...

BRAT FRY! 2/26/15

A 'Brat Fry' will be held at the M&M Building. T.E.A.M. will supply the brats, hotdogs and buns. Look for sign-up sheets for condiments, salads and other fixings coming soon!

PI DAY! 3/13/15

Pi is 3.14 and in honor of 'Pi Day' (3.14.15), T.E.A.M. would like to celebrate with home-made pie and ice cream cups at Nelson Hall and the M&M Building **the day prior to 'Pi Day'**! More details coming soon!

ST. PATRICK'S DAY! 3/17/15

Wear **GREEN** to work to celebrate St. Patrick's Day.

According to a popular hagiographical account of **Saint Valentine of Rome**, it is stated that he was imprisoned for performing weddings for soldiers who were forbidden to marry and for ministering to Christians, who were persecuted under the Roman Empire. According to legend, during his imprisonment, he healed the daughter of his jailer, **Asterius**. An embellishment to this story states that before his execution he wrote her a letter signed "**Your Valentine**" as a farewell, perhaps writing the very first Valentine card.

The Coyote pictured to the left was harvested near Elderon, WI. by Maintenance Mechanic, **Chris Leslie**.

The Coyotes pictured below were harvested between Aniwa and Bevent, WI., just after the deer bow season had come to a close.

Thanks for sharing these images with us Chris!

Did you hear what happened when the frog parked illegally?

HE GOT TOAD!

Have you ever tried to eat a clock?

IT'S VERY TIME CONSUMING!

DATELINE: February 20, 1962

Astronaut John Glenn became the first American launched into orbit. Traveling aboard the "Friendship 7" spacecraft, Glenn reached an altitude of 162 miles and completed three orbits in a flight lasting just under five hours. Glenn was the third American in space, preceded by Alan Shepard and Virgil "Gus" Grissom who had each completed short sub-orbital flights. All of them had been preceded by Russian cosmonaut Yuri Gagarin who was the first human in space, completing one orbit on April 12, 1961 - a feat that intensified the already ongoing 'Space Race' between the Russians and the Americans. Glenn's successful flight showed the Americans had caught up and was followed in September 1962 by President John F. Kennedy's open call to land an American on the moon before the decade's end.

Like to Share?

Perhaps you just became a **Grandpa**? Maybe you just finished a special project you are proud of? Want your pet to be featured in a '**Pet Tales**' article? If there is anything you'd like to share with your co-workers right here in the next edition of the 'Huddle'... just drop an email to Cindy Buttke at cbuttke@uwsp.edu. The 'Huddle' is **your** newsletter and just like **T.E.A.M.**, it really is **for Facility Services staff, by Facility Services staff.**
