Dear Audrey & Dick

Hello - just a line to let you know how much I appreciated your box. It was really swell. The things will really come in handy. I had a swell Christmas, altho I would have given anything to have been home.

I got a letter from R.P. Todd. today she is here in N.Y.C. and I shall try and look her up as soon as possible.

School is coming along O.K. but is getting harder all along. I enjoy it tho. Just 6 more weeks - then I should be able to get a leave. I am keeping my fingers crossed, and am not saying much about it to the folks because I am not sure about it.

How is Seattle coming? I bet you are glad that Audrey is there now huh, Dick? I bet that Audrey feels better too. I am looking forward to the day when I shall graduate from some college. I sure hope Bob & I can go together somewhere -

I must close now and get some studying done. Until you hear from me ~~but~~ late

Your P.M.
Jim
