30 MINUTES OUT OF

SAN FRANCISCO

IN FLIGHT...

JET CLIPPER

The President Special

My Dear Family -

The plane was 20 minutes late in leaving  
Madison - then United was on time in departing from  
Chicago and Pan Am right on time leaving San  
Francisco just 30 minutes ago.

I enjoyed a light lunch as we flew over Nebraska  
and was finishing after lunch coffee when the pilot  
said we were "over Cheyenne and if you look to the  
left you will see Pikes Peak on the horizon" - I did  
and it was there!

I had about 1 hour in San Francisco as I called  
Audrey - to wish her a happy birthday - and enjoyed a  
brief visit with her. Now I am writing this - listening  
to stereo music on the head at the stewardess box  
given me. They just passed the menu's for dinner -  
steak, salad, cheese, desert - so I'll not starve -  
nor will I loose any weight the next few hours.

The plane is about  $\frac{2}{3}$  full - and it will be interesting  
to see what happens when we land at Hawaii - if more  
love than come aboard - or -

after supper they will show a movie - called  
Pan Am's Theatre in the air - it is to be  
"Penelope" - have you heard of it - They said that

## The President Special

John Winters was in it - Ha!  
 How wonderful it was to be with you - even  
 for these short days. It was good to be at home all  
 the time - even tho I contributed to the confusion  
 by having people in - it was much more satisfying to  
 me to be there and not to go out.

Somehow things work out - and the remainder  
 of my stay will go by so much faster having the  
 opportunity to be with you these past few days and  
 hours. I am fully thanks for the fine exp and  
 am grateful for how it all worked out. Too, I am  
 pleased the way things went. It is wonderful to have  
 such a good response and our University has an  
 opportunity to extend its influence in a most meaningful  
 way.

Bill Vickersoff was very thoughtful in taking me to  
 Modesto - I certainly appreciate all his kindnesses & thought-  
 fulness.

I forgot to get your "foot picture" - you - and also Cindy's -  
 please send them.

My love to each of you -

Dad.
