Introductory

THE publishers of the CITY DIRECTORY OF STEVENS POINT for 1893 have spared no labor or expense to secure full data for a complete, correct and reliable reference directory. Every residence, manufacturing and business house inside the city limits has been carefully canvassed by expert census takers, and no effort has been spared to secure the name of every adult to classify in its proper place in our pages.

All information of a valuable character has been sought for insertion in this work. Every society, church and other organization has been solicited for information as to the particulars of their location, officers, time and place of meeting, etc., and as far as the publishers know, the lists are complete.

We desire to thank the city officials, the press and the many citizens who have aided us in our efforts, and trust that the result of our labors will be appreciated.

Very Respectfully,

R. S. RADCLIFFE & CO.

DR. WINCHELL'S TEETHING SYRUP

The BEST Medicine for Diseases Incident to Children.

Infant Mortality. More than half the ailments of children and nine-tenths of infants can be prevented by proper care in the food and sleep of the child, and by using Dr. Winchell's Teething Syrup in time. This Syrup is not a medicine exclusively for teething, but is a reliable remedy for the general ailments of infancy and childhood. It regulates the bowels, assists dentition, cures diarrhoea and dysentery in the worst forms, cures canker sore throat, is a certain preventive of diphtheria, quiets and soothes all pains, invigorates the stomach and bowels, corrects all acidity, will cure gripings in the bowels and wind colic. It has never yet failed to give satisfaction and we would recommend every one having the care of small children to give it a trial.

SOLD BY EVERY DRUGGIST IN THE UNITED STATES.
