- At least $\mathbf{1 2}$ credits of preferred courses must be listed below
- Identify backup courses for the preferred courses under Direct Alternates
- An additional $\mathbf{1 2}$ credits of alternate courses must also be listed.
- Listing categories of GEP courses is not acceptable in any area (e.g. "Natural Sciences")
- If possible, include a combination of Foundation and Investigation Level courses to allow for maximum course availability of General Education courses throughout all Registration sessions.
- Please check for consent and pre-requisite requirements for each class. If overrides are needed, they must be granted online by the appropriate department before the student can register for the class.
- Be sure to release the adviser hold online once the student is approved to register.
