

Natural Resources 370/570, 3 Credits
Introduction to Environmental Study and Education
Syllabus – Spring 2019

Course Description

Lecture (in-class and online resources) and discussion sections of the course explore an overview of PreK-12 environmental education content and methods. Topics provide a broad overview that will prepare you to address the Wisconsin Standards for Environmental Literacy and Sustainability in your future classroom, including the natural, social, and economic factors that influence the quality of our environment. This course fulfills the Wisconsin teacher certification environmental education requirement for pre-service teachers. This course also fulfills the UWSP Environmental Responsibility (GEP:ER) requirement.

Course Organization

Lecture for all 4 sections includes in-class and online resources, and textbook resources.

	<u>Day</u>	<u>Time</u>	<u>Room</u>	<u>Instructor</u>
Lecture	Tues.	12:00-12:50	TNR 120	Dr. Becca Franzen

Some discussion sections (beginning with 01) are for elementary, early childhood, and special education pre-service teachers. One section (02D1) is for secondary pre-service teachers.

	<u>Day</u>	<u>Time</u>	<u>Room</u>	<u>Instructor</u>
Sec 01D1	Wed.	2:00-3:50	TNR 464	Dr. Kendra Liddicoat
Sec 01D2	Thurs.	3:00-4:50	TNR 361	Dr. Kendra Liddicoat
Sec 02D1	Mon.	2:00-3:50	TNR 352	Dr. Becca Franzen

Instructors

Dr. Rebecca L. Franzen
TNR 110E
715-346-4943

bfranzen@uwsp.edu
Office hours: Mondays 12-2pm
& Wednesdays from 10-12pm

Dr. Kendra Liddicoat
TNR 110D
715-346-2028

kliddico@uwsp.edu
Office hours: Mondays 11am-12pm, Tuesdays 4-5:30pm,
& Thursdays 1-2:30pm

Please email or call for other appointments.

Instructional Methods

This class is taught using a variety of instructional methods including lecture, discussions, demonstrations, modeling of instructional practices, outdoor experiences, group presentations, simulated lessons by students, and guest speakers. Please come to class prepared to actively participate in all aspects of the course including outside activities.

Enduring Understandings

Students will understand that:

- Environmental issues typically involve interrelated ecological, social and economic factors.
- Ecological principles describe rules by which all life on Earth functions.
- Environmental issues require individual, collective, and societal efforts to address them.
- It is in our best interest to address environmental issues and promote environmental health.
- Environmental education is interdisciplinary and can easily be integrated across the curriculum.
- Environmental education can enhance student academic achievement, community involvement, and physical and psychological well-being.
- Preparing students to become knowledgeable citizens includes helping them become environmentally literate.
- Many resources and strategies are available to support environmental education.

Essential Questions

- What are core ecological principles that govern life on Earth?
- What are the root causes of environmental issues?
- What is the relationship between environmental and human health?
- What actions can we take to address environmental issues and promote environmental health?
- Why and how should environmental education be included in the preK-12 curriculum?
- Why should citizens be environmentally literate?
- What are the benefits of participating in environmental education activities?
- What resources and strategies are available to support environmental education?

Learning Outcomes

Knowledge (know):

Students will be able to/can:

- Describe how the living environment is comprised of interrelated, dynamic systems.
- Describe the importance of diversity in living systems.
- Describe how different political and economic systems account for, manage, and affect natural resources and environmental quality.
- Describe global social, cultural, political, economic, and environmental linkages.
- Give examples of how humans' alteration of the environment to meet their needs exceeds the environment's ability to absorb the impacts.
- Give examples of the positive and negative influence of individual and group actions on the environment.
- Describe and define environmental education.
- Identify effective environmental education resources and strategies.
- Explain how environmental education can be integrated in the curriculum.

Skills (able to do):

Students will be able to/can:

- Locate and collect reliable information on environmental issues.
- Apply basic logic and reasoning skills to evaluate completeness and reliability in information sources.
- Apply research and analytical skills to analyze an environmental issue.
- Propose action strategies that are likely to be effective in addressing an environmental issue.
- Assess the impacts of proposed action strategies on the environmental issue being addressed.
- Teach others about the environment.
- Propose a lesson plan integrating EE into a specific content area.

Dispositions (character-value/appreciate):

Students will be able to/can:

- Justify their own views on environmental issues and alternative ways to address the environmental issues.
- Explain the importance of exercising the rights and responsibilities of citizenship.
- Explain how their actions can have broad consequences and accept responsibility for recognizing those effects and changing their actions when necessary.
- Explain the personal and society value of environmental protection.
- Explain the importance of environmental education in preK-12 curriculum.
- Justify the value of environmental education in the preK-12 curriculum.

Learning Assessments

Graded in Lecture:

In class quizzes, exit slips, etc. 90 points (6pts. per lecture meeting)

Graded in Discussion:

Participation, Professionalism, & Discussion Attendance	15 points
EE Journal	40 points (5 pts. each entry)
EE Observation	30 points
Teaching	40 points
Environmental Issue Assignment	55 points
• Environmental topic and issue description (15 points)	
• Personal plan (9 points)	
• Lesson plan (25 points)	
• Reflection of progress on Personal Plan (6 points)	

Final exam 30 points

Total **300 points**

Attendance will be recorded weekly in the discussion section meetings. Missing classes will result in lowering the participation component of your grade for the course and likely result in lower grades on assignments. Fully engaging in class activities in a professional manner will be required to earn all participation, professional, and attendance points. You should come to classes with the mindset to improve your content knowledge and pedagogical skills for your future teaching career. All assignments are due in Canvas by 11:59pm on the date noted unless otherwise indicated. Turning in an assignment late will result in a reduced score.

Grading

The final grade for the course will be determined by the total number of points earned through assignments and participation. The grading scale will be as follows:

Percentage	Grade	Percentage	Grade
95+	A	74-76	C
90-94	A-	70-73	C-
87-89	B+	67-69	D+
84-86	B	63-66	D
80-83	B-	<63	F
77-79	C+		

Readings & Resources

1. Canvas study resources, PPTs provide more in-depth information about the big ideas covered in lecture.
2. Textbook provides more in-depth information about the big ideas covered in lecture.
Karr, Interlandi, & Houtman. (2015). *Environmental Science for a Changing World*, 2nd Edition. NY: Macmillan Education & Scientific American Publishing. Available in the UWSP Bookstore as Text Rental.
3. All course handouts.
4. Articles posted on Canvas assigned for both lecture and discussion.
5. Electronic reserve articles including selections from *Schoolyard-Enhanced Learning: Using the Outdoors as an Instructional Tool, K-8*. 2007. Broda. – available online through the library at <http://search.ebscohost.com.ezproxy.uwsp.edu/login.aspx?direct=true&scope=site&db=nlebk&db=nlabk&AN=232705>
6. Project WILD, Project Learning Tree, other EE curricula.

Participation Expectations

In order to help you gain as much as possible from the course, we will create an environment that is conducive to learning. Therefore, students will be active course participants, arrive on time, be prepared for each class by completing assignments by the designated dates, be dressed appropriately for going outdoors, and refrain from cell phone use during class. Students that cause distractions to the class as a result of cell phone rings or alerts will be asked to leave. Please turn phones off or set to silent. Use of electronic devices will not be permitted during exams or other assessments except for any planned online assessments. Use of electronic devices for cheating or other academic misconduct is covered in the University Handbook and follows the same procedures for academic misconduct that occurs without the use of technology.

PowerPoint notes may or may not be posted at the instructor's discretion. Students are expected to take notes in class. Computers and tablets may be used for note-taking with permission from the instructor but are not to be used for social media, web surfing or other activities that are not related to the class during class times. Lecture and discussion classes are tobacco free environments. Please wait to use tobacco products, including smokeless tobacco (chew) until outside of class.

Care Team

The University of Wisconsin-Stevens Point is committed to the safety and success of all students. The Office of the Dean of Students supports the campus community by reaching out and providing resources in areas where a student may be struggling or experiencing barriers to their success. Faculty and staff are asked to be proactive, supportive, and involved in facilitating the success of our students through early detection, reporting, and intervention. As your instructor, I may contact the Office of the Dean of Students if I sense you are in need of additional support which individually I may not be able to provide. You may also share a concern if you or another member of our campus community needs support, is distressed, or exhibits concerning behavior that is interfering with the academic or personal success or the safety of others, by reporting here: <https://www.uwsp.edu/dos/Pages/Anonymous-Report.aspx>.

Title IX

UW-Stevens Point is committed to fostering a safe, productive learning environment. Title IX and institutional policy prohibit discrimination on the basis of sex, which includes harassment, domestic and dating violence, sexual assault, and stalking. In the event that you choose to disclose information about having survived sexual violence, including harassment, rape, sexual assault, dating violence, domestic violence, or stalking, and specify that this violence occurred while a student at UWSP, federal and state laws mandate that I, as your instructor, notify the Title IX Coordinator/Office of the Dean of Students.

Please see the information on the Dean of Students webpage for information on making confidential reports of misconduct or interpersonal violence, as well as campus and community resources available to students. Dean of Students: <https://www.uwsp.edu/DOS/sexualassault> Title IX page: <https://www.uwsp.edu/hr/Pages/Affirmative%20Action/Title-IX.aspx>

Disability and Accommodations

In accordance with [federal law and UW System policies](#), UWSP strives to make all learning experiences as accessible as possible. If you need accommodations for a disability (including mental health, chronic or temporary medical conditions), please visit with the [Disability and Assistive Technology Center](#) to determine reasonable accommodations and notify faculty. After notification, please discuss your accommodations with me so that they may be implemented in a timely fashion. **DATC contact info:** datctr@uwsp.edu; 715/346-3365; 609 Albertson Hall, 900 Reserve Street

FERPA

The [Family Educational Rights and Privacy Act](#) (FERPA) provides students with a right to protect, review, and correct their student records. Staff of the university with a clear *educational need to know* may also have to access to certain student records. Exceptions to the law include parental notification in cases of alcohol or drug use, and in case of a health or safety concern. FERPA also permits a school to disclose personally identifiable information from a student's education records, without consent, to another school in which the student seeks or intends to enroll.

Academic Integrity

Academic Integrity is an expectation of each UW-Stevens Point student. Campus community members are responsible for fostering and upholding an environment in which student learning is fair, just, and honest. Through your studies as a student, it is essential to exhibit the highest level of personal honesty and respect for the intellectual property of others. Academic misconduct is unacceptable. It compromises and disrespects the integrity of our university and those who study here. To maintain academic integrity, a student must only claim work which is the authentic work solely of their own, providing correct citations and credit to others as needed. Cheating, fabrication, plagiarism, unauthorized collaboration, and/or helping others commit these acts are examples of academic misconduct, which can result in disciplinary action. Failure to understand what constitutes academic misconduct does not exempt responsibility from engaging in it. For more information on UWS chapter 14 visit: <https://www.uwsp.edu/dos/Pages/Student-Conduct.aspx>

Reporting Incidents of Bias/Hate

It is my intent that students from all diverse backgrounds and perspectives be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that the students bring to this class be viewed as a resource, strength and benefit. It is my intent to present materials and activities that are respectful of diversity: gender identity, sexuality, disability, age, socioeconomic status, ethnicity, race, nationality, religion, and culture. Your suggestions are encouraged and appreciated. Please let me know ways to improve the effectiveness of the course for you personally, or for other students or student groups.

If you have experienced a bias incident (an act of conduct, speech, or expression to which a bias motive is evident as a contributing factor regardless of whether the act is criminal) at UWSP, you have the right to report it: <https://www.uwsp.edu/dos/Pages/Anonymous-Report.aspx>.

You may also contact the Office of the Dean of Students directly at dos@uwsp.edu. Diversity and College Access is available for resources and support of all students: <https://www.uwsp.edu/dca/Pages/default.aspx>.

Clery Act

The US Department of Education requires universities to disclose and publish campus crime statistics, security information, and fire safety information annually. Statistics for the three previous calendar years and policy statements are released on or before October 1st in our [Annual Security Report](#). Another requirement of the Clery Act is that the campus community must be given timely warnings of ongoing safety threats and immediate/emergency notifications. For more information about when and how these notices will be sent out, please see our [Jeanne Clery Act](#) page.

The **Drug Free Schools and Communities Act** (DFSCA) requires institutions of higher education to establish policies that address unlawful possession, use, or distribution of alcohol and illicit drugs. The DFSCA also requires the establishment of a drug and alcohol prevention program. The Center for Prevention lists information about alcohol and drugs, their effects, and the legal consequences if found in possession of these substances. [Center for Prevention – DFSCA](#)

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act. Each year students violate these laws and campus policies, putting themselves at risk of federal prosecution. For more information about what to expect if you are caught, or to take preventive measures to keep your computing device clean, visit our [copyright page](#).
