

**NRES 405 Selected Topics in Natural Resources - WI BMP Certification**  
Syllabus - Fall 2019

**Instructors:**

Dr. Mike Demchik  
Office: TNR 246  
Telephone: 715-346-3214  
Email: [mdemchik@uwsp.edu](mailto:mdemchik@uwsp.edu)

**GENERAL INFORMATION**

*Course Description:*

This course has a required pair of workshops on August 29 and 30, 2019. You must attend both the indoor session from app. 800-1200 and the field session for 1200-500 for both days. The rest of the course is done on your own time.

*Learning Outcomes:*

- Become certified in BMP's for Invasives and Water Quality
- Prepare an access plan that demonstrates the basics of BMP's

*Grade*

100% of the course grade is based on the access plan

Access plan will include:

- A GIS map of the designated property that includes:
  - Trucking route
  - Landings
  - Skid/forwarder trails
- A plan with map (app. 2 pages plus map) which details all applicable concerns for invasives and water quality and how they were mitigated.
