

## Earth History Geology 106 Syllabus Spring 2023

**Instructor:** Lisa Siewert

**Class Times:** 100% online

**e-mail:** [lsiewert@uwsp.edu](mailto:lsiewert@uwsp.edu)

**Credit:** 1

**Office:** 282A on Wausau Campus or 212 on Marshfield Campus

**Office Hours:** Use [this link](#) to schedule an appointment with me. You will be able to schedule a time that works with both of our schedules and a Zoom meeting will automatically be added to my calendar and in your calendar. Please schedule at least 4 hours in advance. When scheduling make sure to include what issues or questions you are having. If you can't make the scheduled appointment, please inform me as early as you can.

**Textbook:** none

**Course Objectives:** Investigate the origin and evolution of Earth in response to geologic processes.

**Grading:** Grades based on submitting correct, detailed answers to Canvas quizzes (these aren't really quizzes, they are worksheets that you can save and return to several times, but may only *submit* once) before deadlines. You may fill out the worksheets as you read the text. Material may be submitted early. No late work is accepted without *prior* consent.

|    |         |    |        |    |        |   |        |
|----|---------|----|--------|----|--------|---|--------|
| A  | 94-100% | B  | 84-86% | C  | 74-76% | D | 64-66% |
| A- | 90-93%  | B- | 80-83% | C- | 70-73% | F | <63%   |
| B+ | 87-89%  | C+ | 77-79% | D+ | 67-69% |   |        |

**Student Responsibility:** Student responsibilities are to treat others with respect and to successfully complete all activities and assignments before deadlines. Students should actively participate in all classroom exercises, discussions and readings. We will have both classroom and/or online work that needs to be completed on time for credit.

**Disabilities:** Students with disabilities should see me the first week of classes to accommodate needs.

**Communication:** I will be using Canvas & your student UWSP email to communicate. Check Canvas and your student UWSP email regularly for feedback and information.

### Course Schedule:

| Lesson | Dates     | Lecture topic                | Assignments   | Homework Due Date<br>(11:59 pm CST) |
|--------|-----------|------------------------------|---|-------------------------------------|
| 1      | 1/23-2/12 | Geologic Time & Stratigraphy | Please refer to Canvas for an up-to-date list of all Assignments. | <b>2/12</b>                         |
| 2      | 2/13-3/5  | Precambrian                  |   | <b>3/5</b>                          |
| 3      | 3/6-4/2   | Paleozoic                    |   | <b>4/2</b>                          |
| 4      | 4/3-4/23  | Mesozoic                     |   | <b>4/23</b>                         |
| 5      | 4/24-5/14 | Cenozoic                     |   | <b>5/14</b>                         |

**Late Policy:** 5% loss in points for each day late with the minimum grade of 10% of the points if you submit it more than 20 days late.
