

**FOR 370: Forest Products I**  
**Spring 2019 Syllabus**  
(2 credit, two 1-hour lectures)

<b>Instructor:</b>	Dr. Shuva H. Gautam	
<b>Office:</b>	TNR 367	
<b>Phone:</b>	(715) 346-3144	
<b>Email:</b>	sgautam@uwsp.edu	
<b>Class Time:</b>	Tuesday 14:00 PM – 14:50 PM	TNR 255
	Thursday 14:00 PM – 14:50 PM	TNR 255
<b>Final Exam:</b>	Wednesday, May 14, 2019, 12:30 PM – 14:30 PM TNR 255	
<b>Office Hours:</b>	Thursday 9:00 AM -12:00 PM,. Students are <b>encouraged</b> to seek assistance if/when needed. If your performance is not where you would like it o be, it is best to seek help early in the semester while there is plenty of time to improve your overall grade.	
<b>Textbooks:</b>	Hoadley, R.B. 2000. Understanding wood: a craftsman’s guide to wood technology. Taunton Press, Newtown CT. 280p. and Hoadley, R.B. 1990. Identifying wood: accurate results with simple tools. Taunton Press, Newtown CT. 223p.	

### **Course Description**

This course provides an introduction to forest products, the use of wood as an industrial raw material, product measurement and conversions. Fundamentals of factory hardwood log and lumber grading are also explored.

### **Course Objectives**

Upon completion of this course, students will be able to:

- (1.) Describe the fundamental uses of wood, the primary sources of wood consumption, and the main components of the forest products industry,
- (2.) Describe the basic physical properties of wood, its structure and the respective impacts on forest products,
- (3.) Quantify amounts of wood products present in logs, bolts, sticks, and other forest products,
- (4.) Apply log and lumber grading rules, and
- (5.) Identify wood of some tree species commonly occurring in the Midwest US.

### **Grading**

- Quizzes – 10%
- Class assignments – 15%
- Midterm – 25%
- Wood ID – 10%
- Presentation – 10%
- Final exam – 25%
- Attendance/professionalism – 5%

Numerical Average	Letter Grade	Numerical Average	Letter Grade
92-100	A	78-79	C+
90-91	A-	72-77	C
88-89	B+	70-71	C-
82-87	B	68-69	D+
80-81	B-	60-67	D
<60		F	

A paper copy of each assignment should be turned in to the instructor at the appointed time. For the research paper, an electronic copy should be submitted to D2L and a paper copy handed in to the instructor. Written assignments will be inspected for plagiarism via turnitin.com. It is the student's responsibility to ensure that the assignment is received by the instructor on or before the due date. Late submissions will receive a deduction of 5% for each day that the assignment is late.

Exams are due on the date they are given. If a student will not be present on the day of an exam because of a job interview, illness, etc., it is the responsibility of the student to communicate with the instructor far enough in advance to allow for an early exam. Alternative arrangements may be allowed at the sole discretion of the instructor.

**Instructor's tips:**

- (1.) Come to class willing to learn and have fun, I certainly plan to do so.
- (2.) Keep up with the readings and the assignments.

**Instructor's rules:**

- (1.) Discussion of homework assignments between students is encouraged, however all work (unless part of any group projects) must be done independently.
- (2.) Cheating and/or plagiarism will not be tolerated (see also the Professionalism Statement)
- (3.) Posting instructor-created course material onto course-sharing websites directly violates the instructor's copyright on his academic materials; permission to post instructor-created material on any such site is unequivocally denied.
- (4.) Smoking or other tobacco use is not permitted during class or any association labs/discussion section if applicable, including those when we are outdoors.
- (5.) If you plan to miss an exam, you have to let me know ahead of time and explain why you will be unable to take the exam at the scheduled time. Unexcused absences from exams will result in zeroes.
- (5.) Assignments are due at the start of class on the respective due dates.
- (6.) All written work is expected to be grammatically correct, neat, and well organized. Work that is sloppy, hard to read, does not follow prescribed format, and/or contains many spelling and/or grammatical errors will be graded with a 0.

**Help Resources**

Tutoring	Advising	Safety and General Support	Health
Tutoring and Learning Center helps with Study Skills, Writing, Technology, Math, & Science. 018 Albertson Hall, ext 3568	Academic and Career Advising Center, 320 Albertson Hall, ext 3226	Dean of Students Office, 212 Old Main, ext. 2611	Counseling Center, Delzell Hall, ext. 3553. Health Care, Delzell Hall, ext. 4646

### **Students with Disabilities:**

UW-Stevens Point will modify academic program requirements as necessary to ensure that they do not discriminate against qualified applicants or students with disabilities. The modifications should not affect the substance of educational programs or compromise academic standards; nor should they intrude upon academic freedom. Examinations or other procedures used for evaluating students' academic achievements may be adapted. The results of such evaluation must demonstrate the student's achievement in the academic activity, rather than describe his/her disability.

If modifications are required due to a disability, please inform the instructor and contact the Disability and Assistive Technology Center to complete an Accommodations Request form. Phone: 346-3365 or Room 609 Albertson Hall.

### **UWSP Community Rights and Responsibilities**

UWSP values a safe, honest, and respectful learning environment. To ensure that each student has the opportunity to succeed, the University has developed a set of expectations for all students and instructors called the *Rights and Responsibilities* document, which can be found at <http://www.uwsp.edu/stuaffairs/Pages/rightsandresponsibilities.aspx>.

Academic integrity is essential to the University mission and success in life. Academic dishonesty (cheating, plagiarism, etc.) will not be tolerated. Do not do it! Please note that submitting work that was previously submitted is not allowed without prior consent of the instructor. The minimum penalty for a violation of academic integrity is a failure (zero) for the assignment. See "Student Academic Standards and Disciplinary Procedures" section of the *Rights and Responsibilities* document (<http://www.uwsp.edu/stuaffairs/Documents/RightsRespons/SRR-2010/rightsChap14.pdf>).

### **Class Attendance & Decorum**

Class attendance is required. Absences resulting from illness, family emergency, or University sponsored activities may be excused provided a written explanation is provided to the instructor before the intended absence. In cases of emergency, a written explanation should be provided as soon as it is practical to do so. If absences occur on days when assignments are due, it is the student's responsibility to ensure that assignments are turned in prior to class/lab on the due date.

The use of cell phones and other electronic devices in class for non-academic purposes is distracting, disruptive, and leads to poor academic performance. Therefore, the use of these devices in the classroom/lab is prohibited except in cases of emergency. Students engaging in disrespectful or disruptive behavior may be asked to leave the classroom for the remainder of the class period and/or have their attendance/professionalism score reduced depending on the severity of the disruption.

### **University of Wisconsin Stevens Point College of Natural Resources-Principles of Professionalism**

The College of Natural Resources at the University of Wisconsin – Stevens Point prepares students for success as professionals in many fields. As a professional, there are expectations of attainment of several personal characteristics. These include:

#### **Integrity**

Integrity refers to adherence to consistent moral and ethical principles. A person with integrity is honest and treats others fairly.

#### **Collegiality**

Collegiality is a cooperative relationship. By being collegial you are respecting our shared commitment to student education through cooperative interaction. This applies to all involved in the process: students, staff, faculty, administration and involved community members. You take collective responsibility for the work performed together, helping the group attain its goals.

### **Civility**

Civility refers to politeness and courtesy in your interactions with others. Being civil requires that you consider the thoughts and conclusions of others and engage in thoughtful, constructive discussion to express your own thoughts and opinions.

### **Inclusivity**

Inclusivity requires you to be aware that perspective and culture will control how communication is understood by others. While many values are shared, some are quite different. These differences in values should be both considered and respected.

### **Timeliness**

Timeliness is the habit of performance of tasks and activities, planned in a way that allows you to meet deadlines. This increases workplace efficiency and demonstrates respect for others' time.

### **Respect for Property**

Respect for property is the appreciation of the economic or personal value an item maintains. Maintaining this respect can both reduce costs (increase the operable life of supplies and equipment) as well as demonstrate respect for others rights.

### **Communication**

Professional norms in communication require that you demonstrate the value of your colleagues, students, professors or others. The use of appropriate tone and vocabulary is expected across all forms of communication, whether that communication takes place face to face, in writing or electronically.

### **Commitment to Quality**

Quality is the ability to meet or exceed expectations. By having a commitment to quality, we intend to provide a learning environment that is conducive to learning. Intrinsic to this commitment to quality is defining expectation (committed to in a syllabus through learning outcomes), implementation (with quality control in place) and assessment (where meeting of learning outcomes is determined).

### **Commitment to Learning**

Learning is a lifelong process. By being committed to learning you are providing a model for all to follow. This model is not only professor to student but involves all combinations of people within our university and broader community

*Adherence to this compact is required of the faculty and staff of the College of Natural Resources and of all students enrolled in College of Natural Resources courses.*

### **Academic misconduct will not be tolerated.**

Note the following as per the Univ. of Wisc.-Stevens Point Community Bill of Rights and Responsibilities:

#### **UWSP 14.03 ACADEMIC MISCONDUCT SUBJECT TO DISCIPLINARY ACTION.**

(1.) Academic misconduct is an act in which a student:

- (a) Seeks to claim credit for the work or efforts of another without authorization or citation;
- (b) Uses unauthorized materials or fabricated data in any academic exercise;
- (c) Forges or falsifies academic documents or records;
- (d) Intentionally impedes or damages the academic work of others;
- (e) Engages in conduct aimed at making false representation of a student's academic performance; or
- (f) Assists other students in any of these acts.

(g) Violates electronic communication policies or standards as agreed upon when logging on initially (See [uwsp.edu/it/policy](http://uwsp.edu/it/policy)).

(2) Examples of academic misconduct include, but are not limited to: cheating on an examination; collaborating with others in work to be presented, contrary to the stated rules of the course; submitting a paper or assignment as one's own work when a part or all of the paper or assignment is the work of another; submitting a paper or assignment that contains ideas or research of others without appropriately identifying the sources of those ideas; stealing examinations or course materials; submitting, if contrary to the rules of a course, work previously presented in another course; tampering with the laboratory experiment or computer program of another student; knowingly and intentionally assisting another student in any of the above, including assistance in an arrangement whereby any work, classroom performance, examination or other activity is submitted or performed by a person other than the student under whose name the work is submitted or performed.

#### UWSP 14.04 DISCIPLINARY SANCTIONS.

(1) The following are the disciplinary sanctions that may be imposed for academic misconduct in accordance with the procedures of s. UWSP 14.05, 14.06 or 14.07:

- (a) An oral reprimand;
- (b) A written reprimand presented only to the student;
- (c) An assignment to repeat the work, to be graded on its merits;
- (d) A lower or failing grade on the particular assignment or test;
- (e) A lower grade in the course;
- (f) A failing grade in the course;
- (g) Removal of the student from the course in progress;
- (h) A written reprimand to be included in the student's disciplinary file;
- (i) Disciplinary probation; or
- (j) Suspension or expulsion from the university.

(2) One or more of the disciplinary sanctions listed in sub. (1) may be imposed for an incident of academic misconduct.

#### **Required Statement on Emergency Preparedness:**

“In the event of a medical emergency, call 911 or use red emergency phone located outside Rm151 or 172 on the first floor; 2nd floor between Rms 252 and 255 or between Rms 219 and 221 (on other side of hall); 3rd floor by Rms 320 or 358. Offer assistance if trained and willing to do so. Guide emergency responders to victim.

In the event of a tornado warning and on the 3rd floor proceed to the southern hallways on the 1st or 2nd floors, away from the windows. Those are appropriate shelters. If in room TNR 240, remain in place, that room is an appropriate shelter.

In the event of a fire alarm, evacuate the building in a calm manner. Meet at the northwest corner of parking lot E. Notify instructor or emergency command personnel of any missing individuals.

Active Shooter – Run/Escape, Hide, Fight. If trapped hide, lock doors, turn off lights, spread out and remain quiet. Follow instructions of emergency responders.

See UW-Stevens Point Emergency Management Plan at [www.uwsp.edu/rmgt](http://www.uwsp.edu/rmgt) for details on all emergency response at UW-Stevens Point.”

**Course Outline**  
(Subject to Change)

WEEK OF	LECTURE	TASK/ASSIGNMENT
January 21	Introduction Overview of forest products	
January 28	Structure of wood	Quiz/ Assignment 1
February 4	Heartwood/Sapwood	Quiz
February 11	Wood ultrastructure  UWSP paper machine tour	- Quiz - Id features of samples
February 18	Juvenile wood, mature wood, reaction wood, figures in wood	- Quiz - Reading assignment
February 25	Mechanical properties of wood	- Quiz - Ted talk - Reading assignment
March 4	Midterm (March 5)	
	Wood identification	- Distribution of samples Explanation for class presentation
March 11	Water wood relationship	Shrinkage swelling assignment
March 18	<b>Spring Break</b>	
March 25	Impact of forest management activities on wood quality  <b>NO Class on March 28 (non industrial private forest class field trip)</b>	- Quiz Study samples
April 1	- Wood measurements/conversions - Log grading and scaling - Field trip to Feltz Manufacturing company	- Quiz Study samples, work on class presentation
April 8	- Guest Lecture from DNR – Forest Products division - Other topics	
April 15	Wood ID review	Wood ID test (April 18)
April 22	Log to lumber/ lumber grading	- Quiz - Grading assignment
April 29	Student presentations	
May 6	Student presentations/Revision
